

MNC Marine Video on Demand

Watching a movie wherever you are

You can watch a movie in your laptop or PC regardless of your location. Since 2011 MNC Marine has focused on wireless Entertainment for vessels. Today we support PC, Mac, Tablets and SmartPhones. No complex installations that needs support is required.

You connect to the ship's wireless network "MNC Entertainment" with your device. When you start a browser it will take you to MNCs Portal.

On MNCs Portal you can watch movies and security films.

MNC Marine's VOD for freight vessels

Select movies, latest movie, film genres, etc.

Select your movie

Read film info and the movie in - full screen

This way you create a large additional value for your crew at a low cost. MNC Marine monitors and supports the system during office hours. MNC Marine has many years of experience from delivering wireless IT systems with focus on Crew Welfare.

The service can be delivered to small as well as large vessels.
